Application No: 07/2020/01021/DIS

Development: Application to discharge condition 8c Remediation Statement

Location: Carver Hey Farm, Moss Lane, Little Hoole.

We have considered the follow:			
Construction Activities		Storage of substances	
Contaminated Land	*	Insects	
Noise		Foul and surface water discharges	
Odour		Land Drainage	
Dust		Waste storage	
Light		Pest Control	
Air Quality		Radon	
Alternative fuel use		Food Safety	

Thank you for consulting me on this application. Further to my investigations and the report Reference 20-07-06 Revision 1, Condition 8c as above can be considered partially discharged.

As stated in this report a Verification Statement is required to fully discharge this Condition when works have been completed.
